

AGED HUSBAND BEAT GIRL BRIDE.

So Mrs. Sciler, 19, Accuses Her Spouse, Age 78, of Doing—She Asserts He Used a Chair and a Flatiron.

HE HAS DISAPPEARED, TOO.

They Have Been Married Only Three Weeks, and Mr. Sciler Tried to Induce His Wife to Sign Some Legal Papers.

Miss Fannie Sciler, the eighteen-year-old bride of Fred Sciler, who admits to seventy-eight and who is a wealthy business man of Hoboken, swore out a warrant to-day for the arrest of her aged husband who, she avers, has gone so far as to beat her with a chair and a flatiron, in addition to heaping other indignities upon her.

Mr. Sciler has disappeared and the wife says she is confident that he has been smuggled out of the way by his niece, Bertha Lellis, who would have been his heir had he not married.

Two weeks ago—she has been married only five weeks—Mrs. Sciler was in court as complaining witness against one of her neighbors who was charged with saying unkind things about the bride and her marriage.

"An Old Man's Darling."

Mrs. Sciler says that she went about the neighborhood referring to her as "an old man's darling," and insisting that she had consented to the marriage solely for the sake of the old man's money.

This the wife tearfully denied and insisted that love, and love alone, had been her impelling motive.

A few days ago, according to Mrs. Sciler's present accusation, her husband, as President of the Union Music Box Company of New Jersey, desired to extend his business. In order to do so, money was needed, and he sought to procure it by a mortgage on some of his extensive Hoboken real estate holdings.

Needed Wife's Signature.

In order to do this it is necessary under the law of New Jersey to have the wife's signature. This Sciler tried to obtain, but the wife proved obdurate. The more she was reasoned with the more obstinate she became, until, as she alleges, her husband supplemented his entreaties with the aforementioned chair and flatiron. Then he fled the house and has not since been seen.

Every effort of the officers to locate him have been unavailing.

Before her marriage Mrs. Sciler was Miss Fannie Wolfe, a daughter of Charles Wolfe, President of the German American Democratic Club of Hoboken, and a wealthy manufacturer. All are prominent in Hudson County affairs.

MANY ACCUSED OF SPEEDING AUTOS.

Proprietor of Cafe Martin Declares He Will Prefer Charges Against Policeman.

The automobile man is at it again. The most prominent member of the clan who has rushed to the front with in the last few days, is J. B. Martin, proprietor of the Cafe Martin, who was in court to-day charged with speeding his new machine at a rate of fifteen miles an hour. Policeman Sullivan, of the West One Hundredth street station, made the arrest, but Mr. Martin says that the allegations of the patrolman are false, so false in fact, that he will prefer charges before Commissioner Partridge.

Edward Travers was also in court. He is a motorman on the Amsterdam avenue car line and the blame is put upon him for smashing into a big automobile in front of the stables of the Packard Automobile Company, at No. 217 West Fifty-ninth street. As a result of the collision William McIlold and Mrs. Nellie Miller were severely hurt. Mr. McIlold is in Roosevelt Hospital with an injured spine and may die.

James A. Hoagland, of Seabright, L. I., and Charles Drenner, a banker at Holyoke, Mass., were also in court. They were charged with over-speeding.

A GOOD DEAL OF NONSENSE

About "Blood Purifiers" and "Tonics." Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is from wholesome food properly digested. There is no other way, and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease, or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

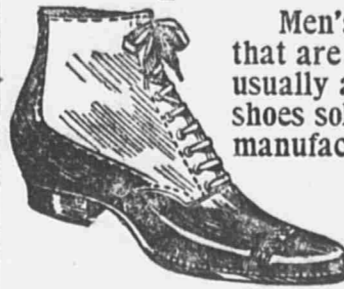

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs lack, and unless the deficiency of pepsin and diastase is supplied it is useless to attempt to cure stomach trouble by the use of "tonics," "pills" and "cathartics" which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of the food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well. Prevention is better than cure, and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

Special Shoe Sale.

Men's Shoes at bargain prices. Shoes that are shapely and elegant at the prices usually asked for the ordinary sorts. All shoes sold at this sale are direct from the manufacturers—no middlemen's profits.

SUNDAY WORLD WANTS
WORK MONDAY MORNING WONDERS

Legitimate Reasons Only Account for Low Prices of Diamonds, Watches and Jewelry.

To speak of cheap diamonds is like talking of cheap money. If there is any saving it must be in the profit. To buy cheaply you must get as near Amsterdam and the other diamond markets of Europe as possible. LAMBERT BROTHERS eliminate the importer—they import themselves. They skip the importer's profit and the middleman's profit. Consequently their prices are the lowest in New York.

Our own exclusive factory on the premises—you are invited to inspect it on the third floor—provides the jewelry, diamond mounted as well as plain, without any superfluous profit. There is no cheapness in the gold itself.

Watches bought in large quantities from the best manufacturers give us the greatest advantage there of any jewellers in New York. And our advantage is yours.

Best 14-Karat Cases and Standard Movements.

The Lambert watch business is one of the largest in the United States, and the facilities for adjusting and repairing fine watches are necessarily the highest attainable. The Watch Inspection of the New York Central & Hudson River and the Long Island Railroads is all under the personal charge of the LAMBERT head watchmaker, who gives personal attention to all of the watches. This illustration shows a solid 14-karat gold case, richly engraved, with choice of Waltham, Elgin or Lambert works. In considering the prices remember these stipulations. Price, \$7.50.

Seamless Wedding Rings of the Purest Gold.

Any Wedding Ring which is not unimpeachable in character and of established reputation is not a credit to the office it performs. Twenty-six years ago the first LAMBERT WEDDING RINGS WERE MADE. Every year since has increased their favor. We know most intimately their points of excellence, for we manufacture them. Pure gold, full weight, seamless, guaranteed, lower in price than any other good rings, because you get them from the manufacturers.

Gentlemen's Solid 14-Karat Gold Hand-Made Vest Chains.

Always present an appearance of honest respectability impossible of attainment by cast chains. Two must serve as samples of an endless variety. We have them from \$12 to \$60.

This shows a solid 14 karat Gold Vest Chain, braid pattern. Price \$20.00. Same in double Chain, \$26.00.

Solid 14 karat gold fancy Vest Chain. One of the most popular patterns made, \$15.

We have at least 150 different styles of Guard Chains for women—ropes, cables, Geneva's, Globes, Fancy English—some plain and others mounted with semi-precious and precious stones. From \$10 for plain guard chains, to \$20 and \$30 for fancy ones, and precious stone slides up to \$750.

Twenty Dollar Gold Watch Without a Peer.

Always inquire the movement of a watch which is offered at an unusually low price. Considering that this watch has standard movement—recognized the world over—it is the most reasonable watch in price we have ever known. Solid, 14-karat gold, engine-turned case. Waltham, Elgin or Lambert works. The price—\$20—invites closest comparison.
